

Colorectal Cancer Awareness Symposium

FRIDAY, MARCH 29
9:00AM-12:45PM

WHITE PLAINS HOSPITAL CENTER FOR CANCER
CARE
2 LONGVIEW AVENUE, WHITE PLAINS

When detected early, colorectal cancer is one of the most preventable and treatable forms of cancer. Yet a third of at-risk adults are not being proactive in understanding their risks. Join our multi-disciplinary team of clinical experts to learn the latest screening recommendations and simple steps you can take to help reduce your risk for the disease.

Limited seating available. Complimentary valet parking available.

Light refreshments will be served.
